

# noun: serendipity

/,serən'dipədə/

The occurrence and development of events by chance in a happy or beneficial way.

—“A fortunate stroke of serendipity”

*Life is full of surprises.* The best photography is not sterile and removed from life because compelling photography takes advantage of the serendipitous and messy nature of the world. If you are prepared, and always expect the unexpected, your photography will be more creative, imaginative, and richer.
