

INDEX

Key Ideas

- There are no rules, 14
- Line, 35
- Circle, 53
- Rectangle, 80
- Patterns, 106
- Spirals and fractals, 135
- Entering and exiting, 156
- Vanishing points and perspective, 176
- Symmetry and asymmetry, 196
- Positive and negative space, 208
- Abstraction, 219
- Practice and process, 223

Thought Experiments

- Using lines feedback loop, 34
- Archetypal shapes, 46
- Moving the camera, 61
- Working with the boundary frame, 62
- Understanding edges, 65
- Recognizing patterns, 88
- Finding fractals, 115
- Directionality and cultural relativism, 142
- Change the vanishing point with your camera, 165
- Ignoring and showing symmetry, 188
- Using LAB color to “see” negative space, 204
- Create an abstraction from an everyday object, 215
- An exercise in self discovery, 226

A

- abstract expressionism, 211
- abstraction, 211–221
 - Abstraction in Photography* (MOMA exhibition), 212
- Adams, Ansel, 9, 223, 225
- Adobe Photoshop
 - composite, 41, 67–69, 132–134, 159, 175
 - LAB color, 33, 220
 - inversions, 50, 53, 70, 133
 - positive and negative space, viewing in, 204
 - perspective, changing in, 176
 - transformations, in, 132–134, 176
- anthropomorphism, 212–215
- aperture, effective, 232
- apotropaic, 138
- archetype, visual, 41–46

B

- Berkeley, Busby, 128
- Blake, William, 179
- Bosch, Hieronymus, 148
- boundary, 62–63, 80
 - rectangular, 91
 - vanishing point, and, 165
- bracketing, exposure, 233–234
- Brunalleschi, Filippo, 159

C

- camera obscura*, 159–163
- camera position, moving, 61
- Carroll, Lewis, 131
- Cartier-Bresson, Henri, 10
- circle(s), 37–53, 67, 83, 137, 226
 - archetype, in, 41–46
 - balance, and, 50–52
 - concentric, 91
 - definition of, 37
 - infinity, and, 38
 - mandala, as, 41
 - patterns, and, 91–92
 - radial symmetry, 184
 - squaring, the, 46
 - virtuous and vicious, 37–38

- Cohen, Leonard, 49
- collaging, virtual, 220

color

- lines, and, 21
 - negative space, and, 200
 - positive space, and, 200
 - using LAB to invert, 50, 53
 - versus contrast, 151
- composite, 41, 67–69, 132–134, 159, 175

composition

- abstraction in, 211–221
 - as process, 10, 223–229
 - asymmetry in, 179–197
 - background, importance of, 204
 - circles, using, 37–53
 - design principles, and, 14
 - emotion using direction, 156
 - entering and exiting, 137–157
 - entry point, 27, 137–157
 - in portraiture, eyes as, 148
 - exit point, 27, 131, 137–157
 - fractal(s), 109–135, 175
 - framing, and, 55–81
 - good, 9
 - grid, as, 91–92, 99
 - lines, using in, 34
 - moving camera for, 61
 - multi-point perspective, 166–171
 - narrative in, 151, 206–208
 - open vs. closed, 146
 - patterns, and, 83–107
 - perspective, and, 172
 - positive and negative space, 199–209
 - practice of, 223–229
 - repetition, and, 83–107
 - rules, and, 9–10, 14
 - spirals, and, 109–135
 - squaring the circle, 92
 - symmetry, in, 179–197
 - vanishing point, working with, 162–166
- cropping square, 46
 - Cubism, 211

D

- decisive moment, 10
- design and photography, 28
- design patterns, 104–106, 110
 - architecture, in, 104
 - in imagery, 104–106
 - Pattern Language: Towns, Buildings, Construction* (book by Christopher Alexander), 104
 - software development, using, 104
- direction
 - emotion, and, 156
 - language of, 142–145
 - misdirection, and, 146–148
 - patterns, and, 152–155
- dot, 19, 25

E

- effective aperture, 232
- entry point, 27, 137–157
 - eyes in portraiture, 148
- Escher, M.C., 75, 128, 131
- EXIF data, 232
- exit point, 27, 131, 137–157
- exposure bracketing, 233–234

F

- Fauvism, 211
- fish-eye lens, 70, 91
- focal-length equivalency, 232–233
- focal plane, 56, 61
- fractal(s), 109–135, 137, 175, 226
 - branching patterns, and, 120
 - composites, 132–134
 - composition, kinds of, 128
 - creative use of, 135
 - definition of, 128
 - fractal art, 109, 126
 - framing, 131
 - lens, 128
 - mathematical, 126, 128
 - natural, 120–125, 128
 - nature, in, 109
- frame(s), framing 55–81, 91, 100, 137

- boundary, working with, 62–63, 80
 busting out of, 66–67
 fractals, and, 131
 internal, 76–80
 meaning of, 59
 process, 80
 real-world, 56
 within frames, 76
- Fundamental Law of Reflection**
 (diagram), 186
- G**
- Gaudí, Antoni, 180, 226
 grid(s), 99, 103
 Gris, Juan, 128
- H**
- high-dynamic range (HDR), 232
 Hockney, David, 159, 162, 220
- I**
- Impressionism, 211
 in-camera motion (ICM), 96
 infrared (IR), 220
- J**
- Jung, Carl, 41, 45, 199
- K**
- Kaku, Michio, 179
 Kandinsky, Wassily, 215
 Keeping the Subject Parallel
 (diagram), 61
- L**
- LAB color, 33, 220
 inversions, 50, 53, 70, 133
 positive and negative space,
 viewing in, 204
 landscape photograph, color versus
 monochrome, 27
 language of direction, 142–145
 lens
 fisheye, 70, 91
 fractal, 128
 macro-probe, 110, 135
 Leonardo da Vinci, 211
- line(s), 19–35, 83, 137
 color, 21–22
 composition, using in, 34
 curvature, 21, 27
 direction, 21–22
 emotion, and, 27
 finding, 31
 found versus bespoke, 33
 straight, 28
 weight, 21
- M**
- macro-probe lens, 110, 135
 mandala, 41, 49–50, 91, 179
 multiple exposure (in camera), 69,
 84–85, 128–129, 140–141,
 190–191
- N**
- negative space, 199–209, 228
 color, and, 200
 monochrome, and, 200
- O**
- On the Spiritual in Art* (Kandinsky
 book), 215
- P**
- pareidolia, 212–215
 passage, transitional (in composi-
 tion), 142–145
 pattern(s), 83–107, 137, 226
 alternation, and, 86
 circles, with, 91–92
 direction, and, 152–155
 fractal, 120
 grids as, 91–92, 99
 irregular, 86, 99–100
 kinds of, 84–89
 living, and, 104–105
 progressions, and, 84–86
 recognition, 86
 regular, 86
 repetition, and, 84–89, 103
 sequences, and, 86
 series, and, 86
 squares, and, 99
 perspective, 159–177, 228
- altering, 172, 176
 multi-point, 162, 166–171
 post-production, in, 176
 single-point, 159–163
- photography and design, 28
 Picasso, Pablo, 128, 151, 189
 point, 19, 137
 polarizer, using, 192–196
 linear vs. circular, 192
 Pollock, Jackson, 211, 216
 portals, 49
 positive space, 199–209, 228
 color, and, 200
 monochrome, and, 200
 progression(s), 84–86
 repetition, 103
 proportion(s), 65–66
- R**
- radial symmetry, 180–184
 circles, and, 184
 flowers, in, 184
 spirals, and, 184
 RAW file format, 233–234
 rectangle(s), 55–81, 83, 137
 bounded by, 55–56
 internal, 76–79
 reflection(s), 172, 192
 concave mirror, in, 189
 convex mirror, in, 189
 index of reflectivity, 189
 symmetry, and, 186–191
 refraction, 172, 189
 repetition(s), 83–107, 137
 alternation, 86
 grids, and, 103
 irregularity, 86
 kinds of, 103
 patterns, and, 84–89, 103
 progression, as, 103
 rotation, and, 103
 series and sequences, 86
 working with, 103
 Rorschach test, 215
 Rothko, Mark, 216, 220–221
 Rubin's vase, 203
 rule of thirds, deprecated, 10
- S**
- spiral(s), 67, 109–135, 137, 226
 center point, and, 115
 creative use of, 135
definition of, 110
 looking up at, 116
 positioning the center of, 116
 radial symmetry, and, 184
 symmetrical closure, and, 115
 working with, 112–119
 square(s), 55, 99
 squaring the circle, 92
 Surrealism, 211
 symmetry, 179–197, 228
 asymmetry, compared,
 180–182
 bilateral, 180–182
 composition, and, 183–184
 emphasis, and, 196
 horizontal and vertical, 183
 kinds of, 183
 proportional, 183
 radial, 180–184
 reflective, 180–182, 186–191
 synaesthesia, 215
- T**
- The Spiritual in Art* (LACMA
 exhibit), 216
 tondo(s), 56, 63, 70–73, 91
 transformations (in post-
 production), 132–134, 176
 transitional passage (in composi-
 tion), 142–145
 triangles, using in composition
 55, 75
- V**
- vanishing point(s), 159–177, 228
 boundary frame, and, 165
 multiple, 162
 Vermeer, Johannes, 159
- W**
- Weston, Edward, 9, 34, 131, 223
- X**
- x-ray imaging, 59, 220, 234
